My Posh Pads

"Milk Maid"
POSH's Wild Side Collections

Sometimes this is how we nursing mothers feel; Like we're milk maids! But put these pads on and you'll chuckle a little, laugh and love why you do what you do.

"Milk Maid" is comprised of one bottom layer of soft white flannel fabric, layers of natural antibacterial bamboo and organic cotton fabric, and a top layer in our "Milk Maid" design. They use bamboo fabric because it is one of a few fibers that are naturally antibacterial. No sprays and chemicals are used, therefore reducing the chances of allergies or skin conditions. The thermal characteristics offer

great breathing ability; keeping moisture away from the body. Bamboo is highly absorbant and deodorizing.

With so many great designs, My Posh Pads would be a "must have" item for any nursing mom to have!! Get them for yourself or for your nursing friend at : www.myposhpads.com
